

equipped4enterprise benefits and features

how e4e will benefit your school	how e4e will do this
On-line management system with immediate access to over 200 resources, added to and updated regularly, enabling schools to deliver effective enterprise learning.	Resources are stored in an easy-to-use system, which can be accessed online 24/7, through a subscriber user name and password.
Resources are flexible and adaptable, enabling you to effectively meet your school's specific enterprise needs.	equipped4enterprise resources contain over 250 hours of learning materials, including power-point presentations, video clips, hand-outs and "materials required" lists.
equipped4enterprise is easy to access and use, thereby saving user time and energy.	The browse tool enables users to search for required materials by a variety of categories, enabling them to source specific materials relevant to their needs.
Resources are designed to be used across curriculum areas.	Search for materials by GCSE subject areas or themes, and use the facility to share files with colleagues by email.
Enables the creation of a comprehensive resource bank by providing the facility to store your own enterprise resources alongside the equipped4 enterprise resources. (Available on premium package only.)	This facility enables you to keep all your enterprise resources in one safe and easy-to-access place, and they can all be searched for in your browse facility.
These resources help schools to deliver generic aspects of the Diplomas.	Resources are mapped across Personal, Learning and Thinking Skills (PLTS).
Resources can be used for extended school provision, summer schools, enterprise days, activity weeks etc.	Resources are flexible, practical and fun.
These resources will enable you to deliver additional valuable qualifications as stand alone courses or to add value, integrated into existing programmes.	ILM – Preparing for Business Enterprise Level 2 NCFE –Developing Enterprise Capabilities Level 2 ASDAN - CoPE
Provides a Management System that can be linked to school VLE's.	Pupils may be provided with direct access to the resources.
equipped4enterprise enables you to extend your enterprise provision across the whole school.	Provides you with a wealth of inclusive materials suitable for students of all abilities, including those with special educational needs.
Full support available when needed.	Support can be accessed via email or telephone.
